In JUDGED events (with preliminary sections that qualify for a final round of judging), **ONLY STUDENTS THAT COMPETE IN THE FINAL ROUND ARE ELIGIBLE TO ADVANCE TO NATIONALS**. If a National Qualifier is unable to attend the National Leadership Conference for whatever reason, then the next National Alternate is moved up to be a qualifier. If after all alternates from the FINAL round are contacted and there are still unfilled spots in JUDGED events (because the scoring & placement was determined by a final round of competition) that spot will remain empty.

If there is only ONE ROUND OF JUDGING (not enough students to have prelims & finals) all students' scores will be ranked and all students in that event could possibly be eligible for national qualification if a National Qualifier is unable to attend. Alternates will be moved up in the order that they placed.

In Hands-on Computer Events (Keyboarding & Spreadsheets, etc.), all student scores will be ranked. National Qualifiers will be moved up from the National Alternates and then if positions are still available, the next highest ranked student will be moved up until all spots are full.

5. Post-Secondary Division

- a) Eligible entries are listed in the Workplace Skills Assessment Program guidelines.
 - b) Top eight entries in each event will be presented an award.
6.  7. Students participating in the competitive events program at the Texas State Leadership Conference will be the first to fill the slots to represent Texas at the National Leadership

Conference. Each student can participate in a maximum of two individual events and/or one team event.

8. If all slots are not filled by those attending SLC, other post-secondary slots will be filled by those submitting a request to the Texas State Advisor.

Business Professionals of America, Texas Association Conflict of Interest Policy

In their capacity as board members, officers, and key employees, the individual leaders of Business Professionals of America, Texas Association must act at all times in the best interests of the organization they represent.

1. What Is a Conflict of Interest?

A conflict of interest may arise in any circumstance that may compromise the ability of a board member, officer, or key employee to make unbiased and impartial decisions on behalf of Business Professionals of America, Texas Association. Such circumstances may involve family relationships, business transactions, professional activities, or personal affiliations.

The Board of Directors of Business Professionals of America, Texas Association require all board members, officers, and key employees to complete and submit an annual "Statement of Disclosure" detailing any facts or circumstances that might constitute a conflict of interest. The Board of Directors further requires board members, officers, and key employees to submit an amended "Statement of Disclosure" to reflect any material changes or additions to the submitted information that may arise during the course of the year. Officers, board members, and key employees are encouraged to err on the side of disclosure and to report any set of circumstances that may appear to pose a conflict of interest, even if there is uncertainty as to whether such circumstances should be disclosed.

2. How Are Conflicts of Interest Identified?

The Finance Committee of Business Professionals of America, Texas Association, will review each "Statement of Disclosure" for any set of facts or circumstances that may reflect an actual, potential, or apparent conflict of interest. The Finance Committee may request the assistance of legal counsel and/or an independent auditing firm to identify potential conflicts. When evaluating a particular set of facts or circumstances, the Finance Committee shall consider the following non-exhaustive list of factors that may indicate a conflict of interest:

- Solicitation or acceptance of gifts or other items of value that may create an appearance or expectation of special treatment from Business Professionals of America, Texas Association;
- Any incident of abuse or misuse of a leadership position for personal or third-party gain or benefit;
- Situations in which a board member, officer, or key employee may be divided between personal interests or the interests of another organization and the best interests of Business Professionals of America, Texas Association;
- Business, professional, or other activities that would materially and adversely affect Business Professionals of America, either directly or indirectly; and,
- Any arrangement in which a trustee, officer, or key employee provides goods or services to Business Professionals of America as a paid vendor.

The Finance Committee may request additional information from any board member, officer, or key employee at any time; however, no individual whose relationships or activities are under review may participate in deliberations, debate, or any vote of the Finance Committee while such review is pending.

3. How Are Conflicts of Interest Resolved?

If the Finance Committee identifies an actual, potential, or apparent conflict of interest, it may take one of the following actions to resolve such conflict:

- **Waive** the conflict of interest as unlikely to affect the board member's, officer's, or key employee's ability to act in the best interests of the organization;
- Determine that the individual board member, officer, or key employee should be **recused** from all deliberation and decision-making related to the particular transaction or relationship that gives rise to the conflict of interest. This course of action should apply particularly when the transaction or relationship is one which presents a conflict only with respect to one or two discrete programs or activities; or
- Determine that the individual board member, officer, or key employee must **resign** from his or her service to Business Professionals of America, Texas Association. This course of action should apply when the conflict of interest is so pervasive that the board member, officer, or key employee would likely seldom, if ever, be able to act solely in the best interests of the organization.

The Board of Directors of Business Professionals of America, Texas Association reserves final authority over the resolution of all conflicts of interest involving a board member, officer, or key employee of Business Professionals of America. The Business Professionals of America, Texas Association Board of Directors may overrule any decision of the Finance Committee with regards to any actual, potential, or apparent conflict of interest, and the Finance Committee may refer any such matter to the Board of Directors at any time.

4. May Board Members and Officers Do Business with Business Professionals of America?

A conflict of interest exists any time a board member, officer, or key employee seeks to enter into a business relationship with Business Professionals of America, Texas Association. Similar conflicts may arise through family members or through organizations in which board members, officers, or key employees serve in a leadership, employment, or ownership capacity.

Such conflicts do not, however, necessarily preclude business relationships with Business Professionals of America, Texas Association. The following procedure is designed to resolve conflicts of interest whenever a board member, officer, key employee, or a related party, seeks to provide goods or services to Business Professionals of America, Texas Association as a paid vendor, or solicits a contractual relationship with Business Professionals of America, Texas Association:

- The board member, officer, or key employee must promptly disclose the intent to enter into a business relationship with Business Professionals of America, Texas Association, either to the Finance Committee, the Board of Directors, or both.
- The board member, officer, or key employee must recuse himself or herself from all deliberation, debate, and/or voting related to the contemplated business relationship.
- If the value of the transaction exceeds \$5,000, Business Professionals of America, Texas Association must solicit proposals or applications from a broad range of other qualified candidates for the agreement or contract under consideration.
- The Business Professionals of America, Texas Association Board of Directors must determine, without the presence or participation of the board member, officer, or key employee under review, that the transaction is fair and in the best interest of Business Professionals of America, Texas Association.
- If the Business Professionals of America, Texas Association Board of Directors approves the business relationship under consideration, the director, officer, or key employee may not participate in any process by which his or her performance as a vendor, or recipient is evaluated, or in any such evaluation of a related party.
